

OLD WOKING CRICKET CLUB

Social media, text, direct text/media messaging, and email policy

Social Media is a wonderful tool and one we want to use constructively and safely. Old Woking Cricket Club promotes the healthy and appropriate use of social media. It's important to be aware of the potential pitfalls and safeguarding issues that arise when posting content about:

- club activities
- team and club performance
- individual performance
- opposition performance
- officials' decisions/performance

We need all Old Woking CC members and Parents of OWCC junior members to be aware of this policy when sharing or posting content relating to the above from either personal or club accounts.

We also need to remind all players/parents/carers to refresh themselves with our updated Photography and Video policy. Here you will find a large crossover about our safeguarding of all our junior club members and personnel.

Common-sense approach: 'Could I say this face to face, or would I be happy to see my comments published in the newspaper? If you are unsure of the answer to these questions, or your answer is "no", then you should not be posting this on any social media or any direct messaging platform.'

Club Coaches' use of Social Media, Texts, and Emails

Our coaches, representing the club, conform to the ECB Safe Hands Policy. Contacting u18 players by personal text or through social media is strictly forbidden. Staff, coaches & volunteers cannot direct private messages, to anyone, under 18 years old via email, text, Snapchat, Instagram, or social media platforms. Messages should be directed to the parents AND the young person or via open forums with appropriate language & content.

Everyone involved with Old Woking Cricket Club is reminded that the Relevant Codes of Conduct (for parents, children, and coaches) apply online and in text and email communications, just as they do in the "real world".

See below for additional advice and best practice around social media use within the family:

OLD WOKING CRICKET CLUB

Social Media can seem strange and even intimidating for people who did not “grow up” with it. Facebook, Twitter, texting, Messenger, and other platforms, as well as online gaming and personal emails, are vast and complex. By following some simple guidelines, potential pitfalls can be avoided and Social Media can be safely used as a promotional tool and a means of communication for the club.

Guidance for Parents/ Carers on the use of Social Media, Texts, Snapchat, Instagram, and Emails

Children today are growing up with the internet as part of their everyday lives, and that’s a good thing. It’s a great place for them to learn, have fun, and chat with their friends. Of course, it’s important to make sure that they are safe whilst they do it.

Remember: it is against Facebook’s rules for your child to have an account if they are under 13 years old. This is to prevent them from being exposed to potentially inappropriate content. You will find all you need to know about keeping young teens safe on Facebook on their official safety page for parents: <http://www.facebook.com/safety/groups/parents/>.

Parents/Carers DO

- Make sure the family computer is in the main living area and that the screen is positioned so that you can see what is going on.
- Be open so that the child can approach you if they are being bullied online or if they have been exposed to something that has made them upset or uncomfortable.
- Make sure you are aware of whom your child has contact with online and via text.
- Be aware of the ECB and clubs’ expectations of coaches and social media.
- Talk to your children about using social media.
- Provide your mobile number/email address if requested, so that the club can contact you regarding your child’s matches and training.

Guidance for Children and Young People on the use of Social Media, Texts, and Emails

- The internet is a great place to learn and have fun with your friends, and the best way to have fun is to make sure that you stay safe. You should think about the points below whenever you use the internet or speak to people online or by text.

OLD WOKING CRICKET CLUB

- If someone isn't your friend in real life, they are NOT your friend on the internet. Be careful when accepting friend requests.
- Sometimes people on the internet are not whom they say they are. If you are not 100% sure, don't risk it.
- Remember to change your privacy settings so that only your friends can see information about you, your wall posts, and your photos.
- If someone is sending you messages or texts that you are worried about, you should tell your parents, an adult you trust, your teacher, or our club's safeguarding officer. You can find a photograph of each of them on the clubhouse notice board. Ask another adult to help locate one of them should you need them and not find them anywhere.
- **Remember any Old Woking Cricket Coach is a professional, just like your teachers. They should not be your friend on Facebook and should not be texting or messaging you.**
- **You can expect them to plan for coaching and matches via your parents.**
- Bullying can happen online too – called cyber-bullying. If you, or someone you know, has had this happen to them, you should tell an adult you can trust.
- Don't be afraid to tell someone if you have concerns.

Young People NEED to

1. Keep your photos and personal information private.
2. Conduct yourself respectfully and courteously on social media as you would at home, in school, or at cricket.
3. Tell a professional or an adult that you trust if you are worried or concerned about online behaviour or unwanted contact/communication.

Young People SHOULD NOT

1. Send inappropriate text messages or post messages on social media that are offensive, nasty, or derogatory in any way.
2. Accept any friend requests from people you don't know or you feel uncomfortable accepting.
3. Connect with, follow or message coaches of Teddington CC on social media platforms, Snapchat, and other messaging sites.
